

# Ware 4 Bins & Recycling

Bins, Trolleys, Recycling and Waste Containers

## West range

Classical metal manufacturing combining unique, stylish design with German build quality and high tech functionality. A variety of contemporary designs from the popular Pushboy to the futuristic Spaceboy XL, all West bins are ideal for locations such as kitchens, offices, studios, shopping centres and entrance halls. High quality powder coated or galvanised sheet steel and stainless steel are used to guarantee quality and longevity of all units, whilst modern technology and decades of experience in craftsmanship take care of the final touch. All Wesco products come with a five year guarantee.
