

Ware 4 Bins & Recycling

Bins, Trolleys, Recycling and Waste Containers

Secure External Storage

Our range of external storage solutions offers a safe, secure intermediate storage space for waste awaiting collection, including controlled wastes. Available fully labeled and colour-coded, the containers can also be modified to include security locks, handles, struts and castors if required.

Range of uses:

- clinical waste
- linen
- WEEE
- street maintenance
- general storage
- lakeside
- hazardous waste
- batteries

Finish Options

- Smooth and easy to clean for clinical waste
- Textured for use with domestic waste and linen

The heavy-duty all-steel option is highly vandal-resistant for complete security

Size Options

Available in a wide range of sizes and colours with **single**, **double** or **treble** split.

Standard unit - **420-1260 litres**

Petroleum unit - **280-630 litres**
