

# Ware 4 Bins & Recycling

Bins, Trolleys, Recycling and Waste Containers

## Smart Offices

Here are a few examples of suitable containers for the collection and transport of waste in industry.

### 87L New Brussels

Our most popular premier range container, New Brussels, are manufactured from brushed aluminium and come with a range of brightly coloured lids and apertures including an open collar, paper slot, swing lid and confidential locking option.

### Villa Recycling

This smart, space-saving container is available with a black or satin base. Each comes with an open or closed lid in a range of bright colours. 60L single unit or 40L / 60L double unit.

### High Impact

Create an impression with the unusual 'Spaceboy' and 'Be-positive' battery bin with full body battery graphics.

### Bespoke

Customise your smart containers with your own bespoke labelling and company logo

### Zintec-R

Made from robust Zintec steel these containers are also fire resistant and come in a range of sizes – 30L slim, 30L chunky, 60L, 90L & 120L.
