

Desktop TREEHUGGERS

Desktop TREEHUGGERS are ideal for segregating paper waste at the desk and are perfect for an office environment. Paper can be stored for re-use or collection for recycling.

Easy to assemble, this recycled cardboard container stands upright to take up minimal space on the desk. Bespoke designs can also be ordered that incorporate your own company logo and message.

TREEHUGGER battery recycling collector

Batteries are classed as hazardous waste and must never be disposed of in landfill.

This handy desktop battery container is also made from recycled cardboard and can be used to collect waste household batteries for safe disposal or recycling.
